

PICKERING MUSEUM VILLAGE FOUNDATION

presents

# Tom Quinn Museum Memories

Pickering Museum Village Foundation is pleased to have Tom Quinn, retiring CAO of the City of Pickering and affectionately referred to as “Mr. Pickering” as the guest speaker at this special Annual General Meeting while we celebrate the completion of the restoration of the Brougham Temperance House.

With a broad and diverse list of accomplishments over his 40 years of service Mr. Quinn has made significant contributions to the community. As an example, over 30 years ago Mr. Quinn was instrumental in the move of the heritage buildings from Brougham to the Pickering Museum Village site in Greenwood. This was the beginning of a legacy that Pickering is proud to be part of. Pickering Museum Village is an award winning museum, with 15 restored buildings which comprise a quaint pioneer village known across the Province.
